

# Love Goes Around Again

Words and music by Ruth Pelham

© 1997 Ruth Pelham Music

My little sister Valerie is learning to write  
I teach her a letter and a number each night  
She gets so excited 'cause she learns really quick  
But sometimes she gets stuck and she gets in a fit  
And I say "Come on, Val, it's o.k."

## CHORUS

That's what caring is all about  
Someone has a need  
You try to help out  
You do for others what you'd want for you  
And the love goes around again  
And around  
And the love goes around again

It's hard for Mrs. Johnson to shovel the snow  
She's getting old and the lifting hurts her back and her bones  
When I see her outside, I say "Mrs. Johnson, can I help?"  
She says "Yes" then I go get my shovel and broom  
And we clear off her steps as we talk

## CHORUS

Tyrell came to my house looking troubled and sad  
"Tyrell, what's the matter? Is it something real bad?"  
"Why do you ask? Nothing's wrong" then he burst out in tears  
And I held him real tight as he told me 'bout his mom and his dad  
And the hard times they have

## CHORUS

A man walking by my house stumbled and fell  
I could tell he'd been drinking by the way that he smelled  
I ran up my steps and shouted "Hang on Mister, I'm gonna get my mom!"  
Then my mom and her friend came outside  
With a blanket, some coffee, a scarf and some gloves

## CHORUS
