

# Sound Shapes

Do you see how the lines below go up and down like mountains and valleys? Using the high (squeaky), low (groan), and middle (regular) sounds that your voice can make, follow the lines up and down to make sound shapes with your voice.

<p>high voice</p> <p>medium voice</p> <p>low voice</p>	<p>Draw your own sound sentence, then sing what you've drawn.</p>

# Making Music A Game

Here's a game you can play alone or with others by making mouth sounds to the tune of "Old MacDonald Had A Farm." When you see a word written, sing the word. When you see , click your tongue instead of singing the word. When you see , snort your nose instead of singing the word. Sing this a few times and see how fast you can go! Then, make up your own game by filling in the blanks with words and sounds.

Old   - ald  a 

  E  O

And   farm    sheep

   I 

  baaah, baaah 

And  baaah, baaah 

Here  baaah, there  baaah

 -    baaah, baaah

Old   - ald   farm
