CHORUS

We're all a family under one sky
We're a family under one sky
We're all a family under one sky
We're a family under one sky

We're people, we're animals, we're flowers and we're birds in flight
We're amphibians, we're reptiles, we're insects, and fish in the sea

CHORUS

We're sisters, we're brothers, we're parents, and we're neighbors, too
We're cousins, aunts and uncles, we're grandparents, and we are friends

CHORUS

We're happy, we're angry, we're proud, and we're a little bit scared
We're sad, we're mischievous, we're embarrassed, and we're excited, too

CHORUS

We're teachers, we're farmers, we're doctors, and we're musicians, too
We're mechanics, we're lawyers, we're waitresses, and we're astronauts

CHORUS

We're Americans, we're Russians, we're Ethiopians and Vietnamese
We're Israelis, we're Palestinians, we're Nicaraguans and we're Chinese
